

INDEX—Volume 35

Aminot, A. Reports. A Review of the Achievements of the EU Project 'QUASIMEME' 1993-1996	3	Champs, M. A. Reports. Concentrations of Cd, Pb, Zn and Cu in Contaminated Wetlands of the Russian Arctic	252
Aminot, A. Reports. Reference Material for Nutrients for the QUASIMEME Laboratory Performance Studies 1993-1996	78	Champs, M. A. Reports. Concentrations of Cd, Pb, Zn and Cu in Pristine Wetlands of the Russian Arctic	242
Aminot, A. Reports. The QUASIMEME Laboratory Performance Studies (1993-1995): Overview of the Nutrients Section	28	Chiffolleau, J.-F. Reports. QUASIMEME: A Preliminary Study on the Effects of Sample Handling on the Measurement of Trace Metals and Organochlorine Residues in Mussels	109
Asplund, L. Poster papers. Organochlorines in the Swedish Monitoring Programme: Improvements in Methodology	176	Chivilev, S. Reports. Response of the Arctic Benthic Community to Excessive Amounts of Nontoxic Organic Matter	280
Bacastow, R. Reports. Potential Radionuclide Transport Pathways from Seafloor Dumpsites: Kamchatka Region of the North Pacific Ocean	353	Chung, C. S. Reports. Distribution of ¹³⁷ Cs and ^{239,240} Pu in the Surface Waters of the East Sea (Sea of Japan)	305
Ballestra, S. Reports. Summary of IAEA-MEL's Investigation of Kara Sea Radioactivity and Radiological Assessment	235	Cleemann, M. Poster papers. Calibration Fit Functions of PCBs and OCPs	162
Balls, P. Poster papers. Are Analytical Measurements Really Improving?	159	Cofino, W. Reports. Developments in Quality Assurance in Marine Environmental Monitoring. The QUASIMEME II Laboratory Performance Studies and EU Quality Assurance of Sample Handling (QUASH) Project	146
Baskaran, M. Reports. Heavy Metals in Chukchi Sea Sediments as Compared to Selected Circum-arctic Shelves	260	Cofino, W. Reports. A Review of the Achievements of the EU Project 'QUASIMEME' 1993-1996	3
Baxter, M. S. Reports. Summary of IAEA-MEL's Investigation of Kara Sea Radioactivity and Radiological Assessment	235	Cofino, W. Reports. The 1993-1995 QUASIMEME Laboratory Performance Study: Trace Metals in Sediment and Biota	42
Blanchard, A. Reports. Heavy Metals in Chukchi Sea Sediments as Compared to Selected Circum-arctic Shelves	260	Cofino, W. Reports. The Assessment of the QUASIMEME Laboratory Performance Studies Data: Techniques and Approach	18
Boisson, F. Reports. Influence of Temperature on the Accumulation and Retention of 11 Radionuclides by the Marine Alga <i>Fucus vesiculosus</i> (L.)	313	Davies, I. Reports. Quality Assurance and the Interpretation of International Marine Monitoring Data: The Potential Contribution of International Laboratory Performance Studies	133
Boisson, F. Reports. Radionuclide Adsorption to Sediments from Nuclear Waste Dumping Sites in the Kara Sea	296	Davies, I. Reports. The 1993-1995 QUASIMEME Laboratory Performance Study: Trace Metals in Sediment and Biota	42
Bradley Moran, S. Reports. Cd, Cr, Cu, Ni and Pb in the Water Column and Sediments of the Ob-Irtysh Rivers, Russia	269	de Boer, J. Reports. A Review of the Achievements of the EU Project 'QUASIMEME' 1993-1996	3
Brooks, J. M. Reports. Assessment of the Impact of Nuclear Wastes in the Russian Arctic	203	de Boer, J. Reports. Chlorobiphenyls and Organochlorine Pesticides in Fish and Sediments—Three Years of QUASIMEME Laboratory Performance Studies	52
Carlberg, S. Reports. The QUASIMEME Laboratory Performance Studies (1993-1995): Overview of the Nutrients Section	28	de Boer, J. Reports. Effects of Storage Conditions of Biological Materials on the Contents of Organochlorine Compounds and Mercury	93
Carroll, J. Reports. Radionuclide Adsorption to Sediments from Nuclear Waste Dumping Sites in the Kara Sea	296	de Boer, J. Reports. The Preparation of Biological Reference Materials for Use in Inter-Laboratory Studies on the Analysis of	
Carroll, J. Reports. Summary of IAEA-MEL's Investigation of Kara Sea Radioactivity and Radiological Assessment	235		
Champ, M. A. Reports. Assessment of the Impact of Nuclear Wastes in the Russian Arctic	203		

Chlorobiphenyls, Organochlorine Pesticides and Trace Metals	84	Goering, J. J. Reports. Heavy Metals in Chukchi Sea Sediments as Compared to Selected Circum-arctic Shelves	260
Delaca, T. E. Reports. Assessment of the Impact of Nuclear Wastes in the Russian Arctic	203	Griffiths, A. H. Reports. An Overview of the UK National Marine Analytical Quality Control (NMAQC) Scheme and Its Links with QUASIMEME	125
Dewey, R. K. Reports. Potential Radionuclide Transport Pathways from Seafloor Dumpsites: Kamchatka Region of the North Pacific Ocean	353	Haapala, K. I. Poster papers. Finnish Experiences of QUASIMEME I	164
Dobson, J. E. Reports. An Overview of the UK National Marine Analytical Quality Control (NMAQC) Scheme and Its Links with QUASIMEME	125	Hameedi, M. J. Reports. Heavy Metals in Chukchi Sea Sediments as Compared to Selected Circum-arctic Shelves	260
Emery, W. J. Reports. New Satellite Derived Sea Ice Motion Tracks Arctic Contamination	345	Harms, I. Reports. Summary of IAEA-MEL's Investigation of Kara Sea Radioactivity and Radiological Assessment	235
Eriksson, U. Poster papers. Organochlorines in the Swedish Monitoring Programme: Improvements in Methodology	176	Harms, U. Poster papers. Improvement in the Determination of Lead in Cod Liver by Graphite Furnace Atomic Absorption Spectrometry	169
Erkomaa, K. K. Poster papers. Finnish Experiences of QUASIMEME I	164	Häggberg, L. Poster papers. Organochlorines in the Swedish Monitoring Programme: Improvements in Methodology	176
Fisher, N. S. Reports. Influence of Temperature on the Accumulation and Retention of 11 Radionuclides by the Marine Alga <i>Fucus vesiculosus</i> (L.)	313	Headley, J. V. Reports. Concentrations of Cd, Pb, Zn and Cu in Contaminated Wetlands of the Russian Arctic	252
Fokin, S. I. Reports. Benthic Communities as Influenced by Nuclear Testing and Radioactive Waste Disposal Off Novaya Zemlya in the Russian Arctic	333	Headley, J. V. Reports. Concentrations of Cd, Pb, Zn and Cu in Pristine Wetlands of the Russian Arctic	242
Fowler, S. W. Reports. Influence of Temperature on the Accumulation and Retention of 11 Radionuclides by the Marine Alga <i>Fucus vesiculosus</i> (L.)	313	Hernroth, B. Poster papers. An Attempt to Differentiate and Evaluate Uncertainty of Nutrient Measurements Relating to Field and Laboratory Activities	156
Fowler, S. W. Reports. New Satellite Derived Sea Ice Motion Tracks Arctic Contamination	345	Hong, G. H. Reports. Distribution of ^{137}Cs and $^{239,240}\text{Pu}$ in the Surface Waters of the East Sea (Sea of Japan)	305
Fowler, S. W. Reports. Radionuclide Adsorption to Sediments from Nuclear Waste Dumping Sites in the Kara Sea	296	Hutchins, D. A. Reports. Influence of Temperature on the Accumulation and Retention of 11 Radionuclides by the Marine Alga <i>Fucus vesiculosus</i> (L.)	313
Freriks, I. L. Reports. The QUASIMEME Laboratory Performance Study of Polycyclic Aromatic Hydrocarbons (PAH): Assessment of the First Three Rounds, 1994-1995	64	Huynh-Ngoc, L. Reports. Summary of IAEA-MEL's Investigation of Kara Sea Radioactivity and Radiological Assessment	235
Fromberg, A. Poster papers. Calibration Fit Functions of PCBs and OCPs	162	Ischenko, A. A. Reports. Concentrations of Cd, Pb, Zn and Cu in Contaminated Wetlands of the Russian Arctic	252
Galtsova, V. V. Reports. Benthic Communities as Influenced by Nuclear Testing and Radioactive Waste Disposal Off Novaya Zemlya in the Russian Arctic	333	Ischenko, A. A. Reports. Concentrations of Cd, Pb, Zn and Cu in Pristine Wetlands of the Russian Arctic	242
Gardner, M. J. Reports. An Overview of the UK National Marine Analytical Quality Control (NMAQC) Scheme and Its Links with QUASIMEME	125	Ivanov, V. V. Reports. Assessment Aspect of Contamination of the Arctic Estuary Ecosystems	222
Gastaud, J. Reports. Summary of IAEA-MEL's Investigation of Kara Sea Radioactivity and Radiological Assessment	235	Ivanov, V. V. Reports. Benthic Communities as Influenced by Nuclear Testing and Radioactive Waste Disposal Off Novaya Zemlya in the Russian Arctic	333
Geller, H. A. The Arctic Observatory CD-ROM: An Interactive Approach to Access and Demonstrate Scientific Data and Information	384		

Ivanov, V. V. Reports. Macrobenthic Communities of the Pechora Sea: the Past and the Present on the Threshold of the Prirazlomnoye Oil-field Exploitation	287	Klungsøyr, J. Reports. The QUASIMEME Laboratory Performance Study of Polycyclic Aromatic Hydrocarbons (PAH): Assessment of the First Three Rounds, 1994-1995	64
Ivanov, V. V. Reports. Response of the Arctic Benthic Community to Excessive Amounts of Nontoxic Organic Matter	280	Korhonen, K. A. Poster papers. Finnish Experiences of QUASIMEME I	164
Järvinen, O. Poster papers. Finnish Experiences of QUASIMEME I	164	Krysell, M. Poster papers. How Accreditation Changed Us	167
Jessep, M. A. Reports. An Overview of the UK National Marine Analytical Quality Control (NMAQC) Scheme and Its Links with QUASIMEME	125	Law, R. J. Reports. The QUASIMEME Laboratory Performance Study of Polycyclic Aromatic Hydrocarbons (PAH): Assessment of the First Three Rounds, 1994-1995	64
Jones, B. Poster papers. Setting Performance Targets for Analytical Accuracy	181	Lihtamo, P. R. Poster papers. Finnish Experiences of QUASIMEME I	164
Jones, B. Poster papers. What Should You Do if QUASIMEME Says Your Results are Wrong?	183	Liong Wee Kwong, L. Reports. Summary of IAEA-MEL's Investigation of Kara Sea Radioactivity and Radiological Assessment	235
Kang, D.-J. Reports. Distribution of ¹³⁷ Cs and ^{239,240} Pu in the Surface Waters of the East Sea (Sea of Japan)	305	Litzén, K. Poster papers. Organochlorines in the Swedish Monitoring Programme: Improvements in Methodology	176
Kärserud, A.-S. Poster papers. Organochlorines in the Swedish Monitoring Programme: Improvements in Methodology	176	Lynn, N. M. Reports. Modelling the Release to the kara Sea of Radioactive Waste from the Icebreaker <i>Lenin</i> : Version II	365
Kelley, J. J. Reports. Heavy Metals in Chukchi Sea Sediments as Compared to Selected Circum-arctic Shelves	260	Mahootian, F. The Arctic Observatory CD-ROM: An Interactive Approach to Access and Demonstrate Scientific Data and Information	384
Kérouel, R. Reports. Reference Material for Nutrients for the QUASIMEME Laboratory Performance Studies 1993-1996	78	Makeyev, V. V. Reports. Assessment Aspect of Contamination of the Arctic Estuary Ecosystems	222
Khlebovich, V. V. Reports. Assessment Aspect of Contamination of the Arctic Estuary Ecosystems	222	Makeyev, V. V. Reports. Assessment of the Impact of Nuclear Wastes in the Russian Arctic	203
Kim, K.-R. Reports. Distribution of ¹³⁷ Cs and ^{239,240} Pu in the Surface Waters of the East Sea (Sea of Japan)	305	Maslanik, J. Reports. New Satellite Derived Sea Ice Motion Tracks Arctic Contamination	345
Kim, S. H. Reports. Distribution of ¹³⁷ Cs and ^{239,240} Pu in the Surface Waters of the East Sea (Sea of Japan)	305	Morehead, M. D. Reports. Potential Radionuclide Transport Pathways from Seafloor Dumpsites: Kamchatka Region of the North Pacific Ocean	353
Kirkwood, D. Reports. A Review of the Achievements of the EU Project 'QUASIMEME' 1993-1996	3	Mount, M. E. Reports. Modelling the Release to the kara Sea of Radioactive Waste from the Icebreaker <i>Lenin</i> : Version II	365
Kirkwood, D. Reports. The QUASIMEME Laboratory Performance Studies (1993-1995): Overview of the Nutrients Section	28	Muench, R. D. Reports. Potential Radionuclide Transport Pathways from Seafloor Dumpsites: Kamchatka Region of the North Pacific Ocean	353
Kiyko, O. A. Reports. Long-term Benthic Population Changes (1920-1930s-Present) in the Barents and Kara Seas	322	Naidu, A. S. Reports. Heavy Metals in Chukchi Sea Sediments as Compared to Selected Circum-arctic Shelves	260
Kiyko, O. A. Reports. Persistent Organic Pollutant, Trace Metal and Radionuclide Concentrations in Bottom Organisms of the Barents Sea and Adjacent Areas	340	Nausch, G. Poster papers. Nutrient Analysis: Manual Methods and Autoanalyser and <i>vice versa</i>	171
Klungsøyr, J. Reports. QUASIMEME: A Preliminary Study on the Effects of Sample Handling on the Measurement of Trace Metals and Organochlorine Residues in Mussels	109	Nausch, G. Reports. Selection and Criteria for Biological Indicator Species for Arctic Monitoring	381
		Nekrasova, N. N. Reports. Macrobenthic Communities of the Pechora Sea: the Past and	389

the Present on the Threshold of the Prirazlomnoye Oil-field Exploitation	287	Robarts, R. D. Reports. Concentrations of Cd, Pb, Zn and Cu in Pristine Wetlands of the Russian Arctic	242
Nicholson, M. Poster papers. Setting Performance Targets for Analytical Accuracy	181	Rossi, G. Poster papers. On-line Determination of Total Nitrogen in Natural Sea Water Samples by Alkaline Persulphate Oxidation	174
Nikanarov, A. M. Reports. Concentrations of Cd, Pb, Zn and Cu in Contaminated Wetlands of the Russian Arctic	252	Savarese, M. Poster papers. On-line Determination of Total Nitrogen in Natural Sea Water Samples by Alkaline Persulphate Oxidation	174
Nikanarov, A. M. Reports. Concentrations of Cd, Pb, Zn and Cu in Pristine Wetlands of the Russian Arctic	242	Sivintsev, Y. Reports. Modelling the Release to the kara Sea of Radioactive Waste from the Icebreaker <i>Lenin</i> : Version II	365
Osvath, I. Reports. Summary of IAEA-MEL's Investigation of Kara Sea Radioactivity and Radiological Assessment	235	Smedes, F. Reports. Effects of Storage Conditions of Biological Materials on the Contents of Organochlorine Compounds and Mercury	93
Pedersen, B. Reports. A Review of the Achievements of the EU Project 'QUASIMEME' 1993-1996	3	Suortti, A.-M. Poster papers. Finnish Experiences of QUASIMEME I	164
Pedersen, B. Reports. The 1993-1995 QUASIMEME Laboratory Performance Study: Trace Metals in Sediment and Biota	42	Templeton, W. L. Reports. Research Needed Relative to the Radiological Assessment of the Dumping of Radioactive Wastes in the Oceans	374
Pettersson, H. Reports. Summary of IAEA- MEL's Investigation of Kara Sea Radioactivity and Radiological Assessment	235	Teyssie, J.-L. Reports. Influence of Temperature on the Accumulation and Retention of 11 Radionuclides by the Marine Alga <i>Fucus</i> <i>vesiculosus</i> (L.)	313
Pfirman, S. Reports. New Satellite Derived Sea Ice Motion Tracks Arctic Contamination	345	Teyssie, J.-L. Reports. Radionuclide Adsorption to Sediments from Nuclear Waste Dumping Sites in the Kara Sea	296
Pogrebov, V. B. Reports. Benthic Communities as Influenced by Nuclear Testing and Radioactive Waste Disposal Off Novaya Zemlya in the Russian Arctic	333	Timms, S. J. Reports. Modelling the Release to the kara Sea of Radioactive Waste from the Icebreaker <i>Lenin</i> : Version II	365
Pogrebov, V. B. Reports. Long-term Benthic Population Changes (1920-1930s-Present) in the Barents and Kara Seas	322	Topping, G. Introduction	1
Pogrebov, V. B. Reports. Macrobenthic Communities of the Pechora Sea: the Past and the Present on the Threshold of the Prirazlomnoye Oil-field Exploitation	287	Vuolas, S. I. Poster papers. Finnish Experiences of QUASIMEME I	164
Pogrebov, V. B. Reports. Persistent Organic Pollutant, Trace Metal and Radionuclide Concentrations in Bottom Organisms of the Barents Sea and Adjacent Areas	340	Warden, J. M. Reports. Modelling the Release to the kara Sea of Radioactive Waste from the Icebreaker <i>Lenin</i> : Version II	365
Povinec, P. P. Reports. Summary of IAEA- MEL's Investigation of Kara Sea Radioactivity and Radiological Assessment	235	Wells, D. E. Reports. A Review of the Achievements of the EU Project 'QUASIMEME' 1993-1996	3
